MaFEA – Making Future Education Accessible

During the design process, it would be necessary to check from time to time how Design works on the mobile device.

You can see two buttons in the upper right corner: Preview and Publish.

Clicking the Preview button opens a preview window showing the QR code and image.

Triinu Katse preview

- 1- Use your device camera to scan the test QR code below.
- 2- Aim at the target image to preview your content.

Go back

Publish

Scanning a QR code with the QR code scanner on your mobile phone or tablet launches a preview of the design you have created.

Publishing

Once you've tested your experience and want to share it, you can click the **Publish** button.

In this case, the message  **Published** : will appear in the window.

Unpublish

The created design can be hidden from users by clicking on the design icon and selecting Unpublish from the drop-down menu.
