

Õpilaste lisamine projekti Zappar/ ZapWork –v1

MaFEA – Making Future Education Accessible
PR2 – Guiding successful adoption

Õpilaste lisamine

Zappari kasutamiseks tundides saate teha oma projekte ja jagada neid õpilastega või lisada õpilasi ja lasta neil projekti teha. Õpilastel on ZapWorksile piiratud juurdepääs, mis tähendab, et nad saavad redigeerida ainult oma projekte.

Et õpilasi lisada tuleb valida **Team** nupp vasakult menüüst.

Nüüd on sul kaks valikut: **Educators** and **Students**. Vajuta + märgile **Students** juures .

The screenshot shows a 'Students' management interface. At the top left, the word 'Students' is followed by a red circle containing a white plus sign. Below this is a table with three columns: 'Name', 'Email', and 'Permission level'. The table is currently empty, with dashes in each cell. Below the table, it says 'Your workspace has 0/15 students.' followed by a person icon and the word 'Invite'.

Avaneb aken, kuhu saate õpilasi meili teel lisada. Sisestage esimesse lünka õpilase e-posti aadress. Saate lisada rohkem õpilasi, kui klõpsate nupul +Add another

The screenshot shows a dialog box titled 'Invite Students to the Emmaus Aalter secondaire school team'. It has a close button (X) in the top right corner. Below the title, it says 'Your workspace has 0/15 active Students.' There are two input fields, each with the label 'Add email' above it. Below the second input field is a button labeled '+ Add another'. At the bottom left, there is a link '+ Bulk invitations'. At the bottom right, there is a red button labeled 'Send invitation'.

Kui lõpetad õpilaste e-mailide lisamise, siis vajuta nupul **Send invitation**.
